'I am a corrupt bridge, how long will I walk'

50 crore Hatkeswar bridge is like a neck bone for AMC, no one is ready to tear it down and build a new one, opposition protested with banners

Ahmedabad Municipal Corporation. During the construction of the bridge, there has been negligence in taking samples and checking by the vigilance department, which has not been taken into consideration. It has been revealed that the sample testing which is done in the municipal corporation's laboratory does not even have the signature of any officer of the vigilance department anywhere the copy of the testing. There is talk of a scam going on in the Vigilance Department, which is the department that investigates scams and those responsible in the corporation.

Many shocking things have been revealed in the documents received by him from RTI. In the case of Hatkeswar Bridge, which raises doubts whether the sample was taken or not. A sample for testing is usually taken during or after the cement-concrete is filled. AMC indicated that the cement-concrete was filled on 30th January 2016. However, the sample for its testing has been taken from RTI on 27th January 2016, so whether the sample was taken or not is questionable. No doubt was raised by the vigilance department as to how the sample was taken three days ago.

AMC's material testing lab takes fixed construction samples and sends them for testing.

Two samples are taken at the time of construction, one on day 7 and the other on day 28 from the water and sent for testing.

Toyota Technical Training Institute Students Excel at Competition

Ahmedabad, In a significant step towards supporting the 'India Skill Development' and 'Vikalp Bharat 2047', Toyota Technical Training Institute (TTTI) today announced the exceptional performance of its students at the IndiaSkills Competition 2024, organized by the National Skill Development Corporation (NSDC). TTTI earned a gold medal in Additive Manufacturing as an individual competitor. In the Manufacturing Team Challenge, Mohit M U, Harish R, and Nelson V triumphed as team winners, securing gold medals. In Mechatronics, the team of Darshan Gowda CS and Bhanu Prasad S M also achieved gold, while Hemant K Y and Uday Kumar B garnered silver in the same category. Additionally, Rohan A S received a silver medal and Mr. Sudeep S M received a Medalion of Excellence in Car Painting as an individual participant. The competition, held every two years, serves as a platform for young talents to showcase their skills at regional and national levels. TTTI, in collaboration with NSDC, extends its support to skill development at grassroots level among the youth, aligning with the vision of the Ministry of Skill Development and Entrepreneurship (MSDE). TTTI participated and hosted five categories of the 'Off-site' portion of the competition, held at YashBhoomi Dvarka, New Delhi in categories including Manufacturing Team Challenge, Mechatronics, Car Painting, and Additive Manufacturing (20-4)

Orange alert in Surat Civil isolation wards open for sunstroke patients, all urban health centers open till 7:00 pm

Surat, Different alerts have been announced in many cities of Gujarat due to heat wave. At that time, the orange alert was announced in the city of Surat, and the municipal system has been restored. Several suggestions have been announced to take measures to prevent the heat wave from affecting the people of Surat city. Along with this, an isolation ward has been started for sunstroke patients in Civil Hospital. Along with this, all Urban Health Centers have been ordered to remain open till 7:00 pm by the Manpa. Also, the Municipal Corporation has suggested not to do any work on the side of the city from 12 noon to 4 pm. Health Department has started issuing instructions. In extreme heat, all urban health centers of Surat

Accused acquitted due to lack of proper evidence 7-year-old girl attempted to be raped in a field in Onanji area in Koranaka, girl strangled to death while screaming

Ahmedabad Ahmedabadi's Sola High Court Police Station in September 2020 under Sections 317, 302, 363, 366, 376(2)(i)(m), 376a, 376B of IPC and Sections 34, 494 of POCSO, s. 11(G) and 12 of the offenses was registered. Police arrested a 46-year-old accused in this case. The charge sheet of which was presented in Ahmedabad village court in November, 2020. Advocate B.C. Rathore and advocate Rakesh G. from the legal aid of the accused side. Panchal argued. In the current month, Judge J.T. Shah, while delivering the verdict, ordered the acquittal of the accused due to lack of proper evidence. The body was found on the third day after she was reported missing by a woman detailing the incident of her daughter, the eldest of her four children, who was 7 years and 8 months old. She was studying in class 2. A lot of efforts were made to find her when she went missing outside the house while she was playing outside that night. She was not being found, a missing complaint was finally registered. Three days after the complaint, on September 16, the body of this daughter was found in a decomposing condition in a field-like place near Onanji area. In the investigation of this crime, the police arrested the 46-year-old accused. According to the custom, the deceased's mother i.e. the complainant's brother.

What is the whole event? It may be mentioned that this was the second marriage of both the deceased's mother and father. Both had children from their first marriage. There were three daughters from the second marriage, in which this incident happened with the eldest daughter. At the time of the incident, the father had gone out to do lighting work. The police also suspected the complainant's mother. The crime branch was also involved in the investigation in this case. The 46-year-old accused, who was arrested, admitted to the doctor and the police that after taking the girl to Anonaji area, he tried to marry her by giving her clothes in a field-like place. But the girl screamed and strangled her, killed her and escaped from there. The accused pleaded not guilty before the court and the court tried to acquit him.

As the body was also decomposed, the medical evidence was not sufficient, the police also checked the CCTV footage at the scene. In which a stranger is seen carrying the baby girl.

'Hey Bhai...go cool down...'

Distribution of buttermilk to save people from heat in red alert, corporators feeding more than six thousand people daily

Rajkot Scorching heat is falling all over Saurashtra and Gujarat including Rajkot. The temperature in Rajkot city has already crossed 44 degrees and the possibility of further increase in heat has been expressed by the Meteorological Department. Then the Rajkot Municipal Corporation has announced a red alert for the next 5 days. Seeing this, charitable people have become aware and are doing charitable work to save people from heat by distributing buttermilk free of cost. Rajkot Ward No. 14 corporator Nilesh Jalu has been distributing buttermilk in the city for the last 5 days and this service will continue for the next 5 days. It is worth mentioning that buttermilk is being made from 300 kg cows every day and distributed to more than 6,000 people daily.

A service activity has been started by Nilesbbhai Rajkoti, corporator of BP Ward No. 14, Rajkot city, to give relief to the people in the scorching heat. Starting from last 15th, buttermilk is being made from 300 kg cows every day and distributed to about 6000 people in different places. Buttermilk is being distributed in Gundawadi

Rajkot's Mayorbhai Savalia expressed, 'We were going to dress a patient. Meanwhile, approaching Gundawadi, buttermilk is being distributed by Nilesbbhai and his team here. We thank them that they are doing very commendable work in such sun. I urge people to drink lemon water regularly and take plenty of vitamin C. Rajkot Municipal Commissioner Anand Patel said yesterday that the temperature is increasing continuously, due to which people need to be careful. Municipalities release details from time to time so that the people of the city can know about the change in season. Currently, as the temperature is likely to reach 45 degrees, the Manpa has declared a red alert. People should take this alert seriously and avoid going out unnecessarily at noon. Also it is necessary to drink as much water as possible. Apart from this, special construction sites have also been appealed to stop work at noon.
