Introduction

Non-Banking Financial Companies (NBFC) sector has, over the years, evolved considerably in terms of size, operations, technological sophistication and entry into newer areas of financial services and products. The number of NBFCs as well as the size of the sector have grown significantly. There is an increasingly complex web of inter-linkages of the sector with banks, capital market and other financial sector entities, on both sides of the balance sheet. The sector has also seen advent of many non-traditional players leveraging technology to adopt tech-based business models.

NBFCs have always played an important role in promoting financial inclusion in India. They have been complementing and supplementing the banking sector in reaching out credit to the un-banked segments of the society. The biggest contribution of NBFCs is their ability to cater to the needs of the Micro, Small & medium Enterprises (MSMEs) which form the cradle of Entrepreneurship and innovation in India. NBFCs innate ability to understand their customers' needs and accordingly innovate to offer customized products make them the perfect conduit for credit delivery to MSMEs.

Industry Overview:

In FY23, systemic credit showed strong growth on the back of pent-up retail demand from sectors such as housing and auto. Credit demand also grew due to strong demand from NBFCs and the trade segment. Overall credit grew by an estimated 13.3% and systemic retail credit by 19.2%. NBFCs have shown remarkable resilience and have gained prominence in the financial sector ecosystem. Their share in the overall credit pie increased to 18% in fiscal 2023 from 12% in fiscal 2008.

Over the years, NBFCs have consolidated their position as a key intermediary in the Indian financing sector with differentiated offerings such as niche financing, last-mile connectivity and an alternative to bank financing. With respect to liabilities, NBFCs have become increasingly interconnected with the financial system.

The COVID-19 pandemic, the consequent acceleration in the adoption of technology and change in consumer habits, and the increasing availability of data for credit decision-making have supported the further acceleration of retail credit growth. Revival of economic activity, pent-up demand, strong export, and domestic support have strengthened credit growth in the MSME segment. The market share of NBFCs in outstanding MSME loans (including LAP) was 25% in FY 2022 and is estimated to have increased to 27% in FY23. In terms of growth, NBFCs witnessed a CAGR of 21% between fiscals 2017 and 2023, compared to 8% for other players. Going forward, NBFCs are expected to continue to witness rapid growth and increase their market share in this segment.

Opportunities

Reports from the World Bank indicate that Non-Banking Financial Institutions act as critical pillars contributing to macroeconomic stability and sustained economic growth and prosperity, due to their ability to finance firms and individuals at a reasonable cost, reduce volatility by providing multiple sources to finance and park funds and enable creation of a competitive environment characterized by a diverse array of products. This has been proven time and again in developed markets. Non-Banking Finance Companies (NBFCs) continue to play a critical role in making financial Services accessible to a wider set of India's population and are emerging as strong

intermediaries in the retail finance space. Going forward, one should expect NBFCs to further strengthen their presence in retail finance and grow at a reasonably healthy pace.

Threats

The biggest challenge before NBFCs is that they are facing stiff competition from banks and financial institutions, due to their ability to raise low-cost funds which enables them to provide funds at a much cheaper rate. More stringent capital adequacy norms have been stipulated by RBI for NBFCs which is making it difficult for them to give cheaper finance.

Ever-increasing competition from commercial counterparts whose capacity to absorb losses is higher, counter-party failures and recommendations being made to increase the purview of monitoring by regulatory authorities increase the threat of losing the essence of Non-banking Finance Companies which are specifically designed to reach out and finance certain target groups.

Investments/Developments

India has a diversified financial sector undergoing rapid expansion, both in terms of strong growth of existing financial services firms and new entities entering the market. The banking regulator has allowed new entities such as payment banks to be created recently, thereby adding to the type of entities operating in the sector. However, financial sector in India is predominantly a banking sector with commercial banks accounting for more than 64% of the total assets held by the financial system. In September 2021, the international branch of the National Payments Corporation of India (NPCI), NPCI International Payments (NIPL), has teamed with Liquid Group, a cross-border digital payments provider, to enable QR-based UPI payments to be accepted in 10 countries in north and southeast Asia.

The Central Government met its fiscal deficit target of 6.4% of the GDP supported by higher nominal GDP growth, robust tax collections and subsidy rationalisation. The Government's push towards infrastructure creation led to a CAPEX growth of 24% (y-o-y) in FY23.

In July 2021, India's largest commodities derivatives exchange, Multi Commodity Exchange of India Ltd., and European Energy Exchange AG (EEX) signed a memorandum of understanding (MOU) with the goal of knowledge sharing and expertise exchange on electricity derivative products. This MOU will make it easier for the two exchanges to collaborate in areas including knowledge sharing, education and training, and event planning in the field of electricity derivatives. The government has approved 100% FDI for insurance intermediaries and increased FDI limit in the insurance sector to 74% from 49% under the Union Budget 2021-22.

Government Initiatives

The Government of India has taken various steps to deepen reforms in the capital market, including simplification of the IPO process, which allows qualified foreign investors (QFIs) to access the Indian bond market. In 2019, investment in Indian equities by foreign portfolio investors (FPIs) touched five-year high of Rs. 101,122 crore (US\$ 14.47 billion). Investment by FPIs in India's capital market reached a net Rs. 12.52 lakh crore (US\$ 177.73 billion) between FY02-21 (till August 10, 2020). In the Union Budget 2022-23, India has announced plans for a central bank digital currency (CBDC) which will be known as Digital Rupee. In July 2021, Rajya Sabha approved the Factoring Regulation (Amendment) Bill in 2020, enabling ~9,000 NBFCs to

participate in the factoring market. The bill also gives the central bank the authority to establish guidelines for improved oversight of the US\$ 6 billion factoring sector.

Reserve Bank of India (RBI) Policy Measures

The RBI also announced various measures. On September 30, 2021, the Reserve Bank of India communicated that the applicable average base rate to be charged by non-banking financial company - micro finance institutions (NBFC-MFIs) to their borrowers for the quarter beginning October 1, 2021, will be 7.95%. The Government and Reserve Bank of India (RBI) have taken various measures to facilitate easy access to finance for Micro, Small and Medium Enterprises (MSMEs). These measures include launching Credit Guarantee Fund Scheme for MSMEs, issuing guideline to banks regarding collateral requirements and setting up a Micro Units Development and Refinance Agency (MUDRA). With a combined push by Government and private sector, India is undoubtedly one of the world's most vibrant capital markets.

Financial Services -NBFC Sector

NBFCs have become important constituents of the financial sector and have been recording higher credit growth than scheduled commercial banks (SCBs) over the past few years. NBFCs are continuously leveraging their superior understanding of regional dynamics, well-developed collection system and personalised services to expedite financial inclusion in India. Lower transaction costs, quick decision making, customer orientation and prompt provision of services have typically differentiated NBFCs from banks. Considering the reach and expanse of NBFCs, these are well-suited for bridging the financing gap. Systemically important NBFCs have demonstrated agility, innovation and frugality to provide formal financial services to millions of Indians.

Over the last decade, NBFCs have witnessed phenomenal growth. From being around 12% of the balance sheet size of banks in 2010, these are now more than a quarter of the size of banks. Given their large interconnection with the financial system and the importance of the NBFC in credit intermediation, the RBI has been enhancing the regulatory oversight of large NBFCs. Keeping in mind potential systemic risks that NBFCs might pose to the financial system, the RBI in its 'Discussion Paper on Revised Regulatory Framework for NBFCs: A Scale-Based Approach' (12 January 2021) seeks to balance regulatory arbitrage in favour of NBFCs and the recent growth trajectory of NBFCs by adopting a new approach towards regulating NBFCs.

The first three challenges were common to banks, NBFCs and HFCs. The last, namely 'continuing to service their own debt' created severe stress for NBFCs and HFCs. The known structural arbitrage that NBFCs and HFCs enjoyed such as not maintaining a Cash Reserve Ratio (CRR) and a Statutory Liquidity Ratio (SLR) became a severe disadvantage during the pandemic. The unfolding of events after the lockdown resulted in creating a scenario of NBFCs having to provide adequate relief on debt servicing obligations to their customers while not being granted the same relief on their liabilities. NBFCs and HFCs who had adopted prudent practices of maintaining adequate liquidity were able to tide over this problem; others could not.

Thus, the business model of the NBFC sector was severely tested in FY2022. This was the fourth large external stress that the sector has faced in the last few years, namely, (i) demonetisation, (ii) GST implementation, (iii) failure of a large NBFC, and (iv) the pandemic. The fact that many NBFCs have managed to overcome these severe stresses without significant impact is a testimony to their resilience. With superior capital adequacy, better margins, frugal cost management and lower non-performing assets (NPAs), the NBFC sector is well poised to seize the opportunity provided in the post-pandemic revival cycle. The revised regulatory framework proposed by the RBI intends to make the NBFC sector more resilient.

INDEPENDENT AUDITOR'S REPORT

TO THE BOARD OF DIRECTORS OF SUNGOLD CAPITAL LIMITED

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **SUNGOLD CAPITAL LIMITED** ("the Company"), which comprise the Balance sheet as at March 31, 2023, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to be communicated in our report.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statement

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Financial Statements are prepared under historical cost convention, in accordance with the Generally Accepted Accounting Principles in India (GAAP) and comply in all material aspects, with mandatory accounting standards as prescribed under section 133 of the act read with rule 7 of the companies (Accounts) Rules, 2014. The significant accounting policies followed by the Company are set out below.

Current assets do not include elements which are not expected to be realized within one year and current liabilities do not include items which are due after one year.

b. Use of Estimates:

The preparation of financial statements require the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expenses for the reporting period. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods. Example of such estimates includes provision for non – performing loans, provision for employee benefit plans and provision for income taxes. Differences in actual and estimated results are recognized in the period in which the result is materialized.

c. Revenue Recognition:

- i) Income from Entertainment division, distribution and exhibition of drama and film is recognized on accrual basis.
- ii) Interest is recognized on the time of proportion basis taking in to accounts the amount outstanding and the date applicable. In case of Non-Performing Assets (NPA) interest income is recognized upon realization as per the RBI Guidelines. Interest accrued and not realized before the classification of the asset as an NPA is reversed and credited to the interest suspense account.

- iv) In respect of other heads of Income, the company follows the practice of accounting on accrual basis.

d. Fixed Assets & Depreciation:

Tangible Assets:

Fixed assets are stated at cost less accumulated depreciation and impairment, if any. The cost of fixed assets comprises purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure incurred on assets put to use is capitalized only when it increases the future benefit / functioning capability from / of such assets.

Intangible Assets:

Intangible assets are stated at cost of acquisition less accumulated amortization/depletion. The costs and expenses attributable to the intangible assets are capitalized.

The useful life estimates prescribed in Part C of Schedule II to the Companies Act, 2013 are generally adhered to, except in respect of asset classes where, based on technical evaluation, a different estimate of useful life is considered suitable. Items costing less than Rs 5,000/- are fully depreciated in the year of purchase. The company has estimated nil residual value at the end of the useful life for all block of assets.

The Management estimates the useful lives for the other fixed assets as follows:

Sr No	Fixed Assets	Estimate useful life
1	Computer	3
2	Furniture	5
3	Mobile	3
4	Office Equipments	5
5	Projector	5

e. Depreciation:

Pursuant to the enactment of Companies Act 2013, the company has applied the estimated useful lives as specified in Schedule II, except in respect of certain assets as disclosed in Accounting Policy on Depreciation, Amortization and Depletion. Accordingly, the unamortized carrying value is being depreciated / amortized over the revised/remaining useful lives.

f. Investments:

All investments are held as long-term Investments, unless otherwise mentioned and are stated at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary.

g. Provision for Current Tax and deferred Tax:

Tax expense comprises both current and deferred tax at the applicable enacted/substantively enacted rates. Current tax represents the amount of income tax payable in respect of the taxable income for the reporting period.

Deferred tax represents the effect of timing differences between taxable income and accounting income for the reporting period that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets are recognized only to the extent there is reasonable certainty of realization in future. Such assets are reviewed as at each Balance Sheet date to reassess realization. Deferred Tax Asset and Liability are netted off and disclosed in the balance sheet under the Head "Deferred Tax Asset / Liability"

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

h. Provisions & Contingent Liabilities:

The Company recognized provision when the company has a legal and constructive present obligation as a result of a past event, for which it is probable that outflow of resources will be required and a reliable estimate can be made of the amount of the obligation. In cases where the available information indicates that the loss on the contingency is reasonably possible but the amount of loss cannot be reasonably estimated, a disclosure is made in the financial statements. Provisions are reviewed at each balance sheet date and adjusted to reflect the current management estimates. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

A disclosure of contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resource is remote, no provision or disclosure is made.

Contingent assets are not recognized in the financial statements.
